This month's show – Divorce

What is the problem?

No matter how common divorce may seem, if handled badly, its effects can be devastating. While a parent may be relieved by their divorce, children may be frightened and confused by this threat to their security, having a continued ripple effect into their personal, academic and social lives. Once we have children, we are family for life, and how we choose to interact will have a huge impact on each of us - for better or worse.

What can we do about it?

Join us on REALITY AVENUE, “Divorce –What are the REAL Effects?” and learn about divorce's effects, the best ways to cope with its challenges, and how to help yourself, your family and friends.

If you want more information on how to help yourself, your child, or someone you care about, watch the show or call The Office of Prevention Programs (754) 321-2568 or visit www.BrowardPrevention.org
